Jest RabbitMQ

Shopify & Shopify API

WORK EXPERIENCE

Software Developer DevTech

04/2025 - Present

Novi Sad, Serbia

devtechgroup.com

Achievements/Tasks

- Front-End Developer focused on building scalable applications from the ground up using React and TypeScript.
- Collaborating closely with designers, QA engineers, and backend developers to implement pixel-perfect, responsive UIs and ensure high-quality user experiences.
- Involved in the full development cycle, including prototyping, code reviews, and performance optimization.

Contact : Aleksandar Đorđević - aleksandar.djordjevic@devtechgroup.com

Full-stack AI Developer Smile.AI

03/2024 - 03/2025

Belgrade, Serbia

smile.ai

Achievements/Tasks

- Led the implementation of AI-driven automation initiatives, integrating OpenAI APIs and AI agents, while experimenting with emerging technologies in a hands-on manner.
- Served as the sole developer on multiple internal projects— Independently creating new applications from scratch and maintaining two core systems.
- Oversaw the full software development lifecycle, leveraging React.js on the front-end, NestJS on the back-end, and handling database management and deployment tasks single-handedly.

Contact : Fabian Kaske - fkaske@drkaske.de

Front-end developer SmaRF Solutions

06/2022 - 02/2024

Novi Sad, Serbia

smarfsolutions.com

Achievements/Tasks

- Meticulously crafted pixel-perfect, responsive and reusable user interfaces by translating design specifications from Figma into flawless and visually accurate implementations.
- Executed backend tasks proficiently using C#, where I established API routes and seamlessly integrated them into the frontend.
- Successfully developed, integrated and deployed two Shopify web shops with our internal company application using a Node.js application.

Contact : Aleksandar Pantović - aleksandar.pantovic@smarfsolutions.com

Full-stack JavaScript Developer Croative

11/2018 - 05/2022

Šibenik, Croatia

duplich.com

Achievements/Tasks

- Played a pivotal role in enhancing an existing MERN application by introducing new features and meticulously addressing bugs.
- Demonstrated agility in troubleshooting and resolving production bugs in a live React Native mobile application, ensuring seamless user experiences and application reliability.
- Led the end-to-end development of a dynamic boat renting application, utilizing React for the front-end and Node.js for the back-end, showcasing proficiency in full-stack development.
